4th Grade Summer Reading Projects

Congratulations! You have completed the third grade and are going to be a 4th Grader!!!! We are very excited about getting to know you.

In this packet, you will find the information you will need to complete your summer reading requirements. **Bring this entire packet back with you on the first day of school!**

1. You must read at least 3 chapter books this summer. At least one of the books must be a **non-fiction book**. List the books and their authors on the page provided in this packet.
2. Complete the enclosed projects. Two reports will be on fiction books and the other will be on a non-fiction book. **Turn in this packet on the first day of school.**
3. This completed packet will count as your first reading grade. If your books are AR, you may take these AR tests to count as points for the parties and rewards, but they will NOT count as points for your AR goal that we will set together in the first two weeks of school.
4. Please do NOT read the following books:
Space Case, Cricket in Times Square, On the Banks of Plum Creek, and The Sign of the Beaver

The summer is the perfect time to read. We believe that the more you read, the better prepared you are for your future as a great student!

Have a wonderful summer, and we will see you in August!

If you read more books, you may list them here:

Project 1

Create Your Own Ending

Think about the ending of one book you read. Did you like the ending? Did you NOT like the ending? For this project, you are to **CREATE YOUR OWN ENDING!** How could you change the ending of your book?

Write $\frac{3}{4}$ of a page about what you think would happen next in the story. This is totally up to you as to what happens in the story, but it needs to follow and /or relate to the original book's storyline and plot.

Use your best cursive handwriting and put this paper in a file folder that you design with a picture of your new ending on the front and the book's title on the file folder flap.

Project 3
Non-Fiction Book Report

Title of Book: _____

Author: _____

Main Topic of Book: _____

List 10 **facts (not opinions, even if they are in the book!)** that you learned from reading this book. Write in **COMPLETE** sentences! You may attach extra paper if you need more room.
