SHAPING OUR FUTURE

FAMILY CLIMATE AND CULTURE INSIGHTS FROM OUR SURVEY

ALL SAINTS' BOARD UPDATE: MAY 2026

Dear All Saints' Families,

Thank you to each family who participated in the 2025–2026 Climate and Culture Survey. Your feedback is invaluable in helping us recognize our strengths and identify areas for continued growth.

We are pleased to share that, as a direct result of insights from the 2024–2025 survey, each Specials class has adopted a structured curriculum. In addition, we have made meaningful progress on facility improvements. This year, we enhanced campus safety with the installation of a secured storefront entrance, and plans are underway to add a covered area to the back carline. Department Chairs have met regularly with Mr. Powell to ensure consistency across grade-level curriculum, and Ms. Charlotte's hours were extended to better support students when needed.

We are proud that many of the school's strengths identified in previous years remain highly rated. Highlights from this year's survey include:

- **Alignment with School Mission** – 95% of families feel All Saints' is rooted in the faith and values of the Judeo-Christian tradition.
- **Classroom Environment** – 95% of families find class sizes appropriate, and 97% are satisfied with the learning environment.
- **Facilities** – 100% of families report that facilities are clean and well-kept, with 97% indicating they are well maintained and up to date.
- **Safety** – 96% of families believe their children feel safe at school, and 92% feel the school is well prepared to respond to an unsafe situation or crisis.
- **Overall Satisfaction** – 95% of families are proud to have their child enrolled at All Saints' and would recommend the school to others.

The Board of Directors and School Administration remain committed to listening to your feedback and working collaboratively to enhance the overall All Saints' experience. Based on this year's survey results, we will focus on the following priorities in the coming year:

- Strengthening effective and timely communication from the Board of Directors
- Expanding resources to support students' behavioral and social needs
- Ensuring a consistent and cohesive experience through the sixth-grade year

While the Board conducts its survey annually each spring, we are encouraged that families continue to view our School Leadership Team—Mr. Evan Powell and Mrs. Ashlee Quesada—as accessible, welcoming, respectful, and responsive. We remain committed to partnering closely with them to address needs as they arise throughout the year.

As we continue working together to strengthen and enrich the All Saints' experience, we welcome your thoughts and suggestions at any time. We are proud of our school community and grateful that you are part of the All Saints' family.

Thank you for your partnership in fostering a nurturing and thriving environment for all students. We wish you a safe and enjoyable summer and look forward to all that the 2026–2027 academic year will bring.

Warm regards,
The All Saints' Board of Directors
