From the Chair, Board of Directors

Dear Crusader Families, Friends, and Supporters,

On behalf of the All Saints' Episcopal Day School's Board of Directors, I would like to express our profound gratitude for your unwavering support as we celebrate the 64th year of fulfilling our school's mission. The boundless generosity demonstrated by ASEDS families, friends, and supporters leaves an indelible mark on our institution, enriching and advancing our educational offerings. While All Saints' provides exceptional opportunities for learning, competition, performance, service, and worship, it is our dedicated faculty and staff who truly set us apart. Their boundless passion, love, and commitment to nurturing our students define the heart of our community.

Contributions to the Annual Fund have a far-reaching impact, touching the lives of every student and teacher, every single day at All Saints'. Your generosity empowers ASEDS to continue supporting our teachers' classroom efforts, enhancing technological resources, bolstering the arts and athletics, facilitating professional development, and so much more.

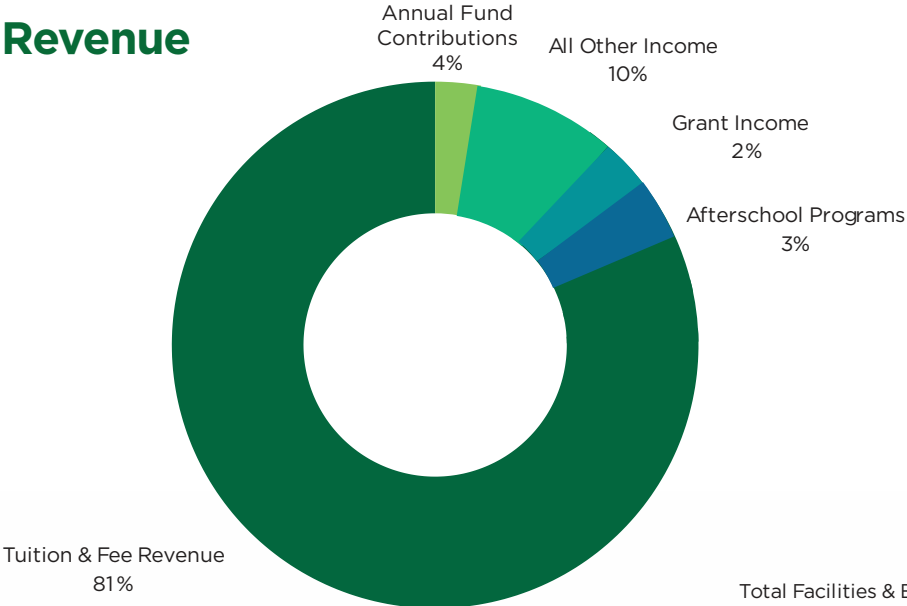

The remarkable participation in this year's Annual Fund is a testament to the strength of our community and our shared dedication to elevating ASEDS to new heights. Each and every one of your contributions is, and will forever remain, an investment in the promising futures of our students. This extraordinary success would not have been possible without the unwavering commitment of our board, faculty, and staff.

I extend my heartfelt thanks to the entire ASEDS community, including parents, grandparents, faculty, board members, alumni, and friends, for your extraordinary and enduring generosity.

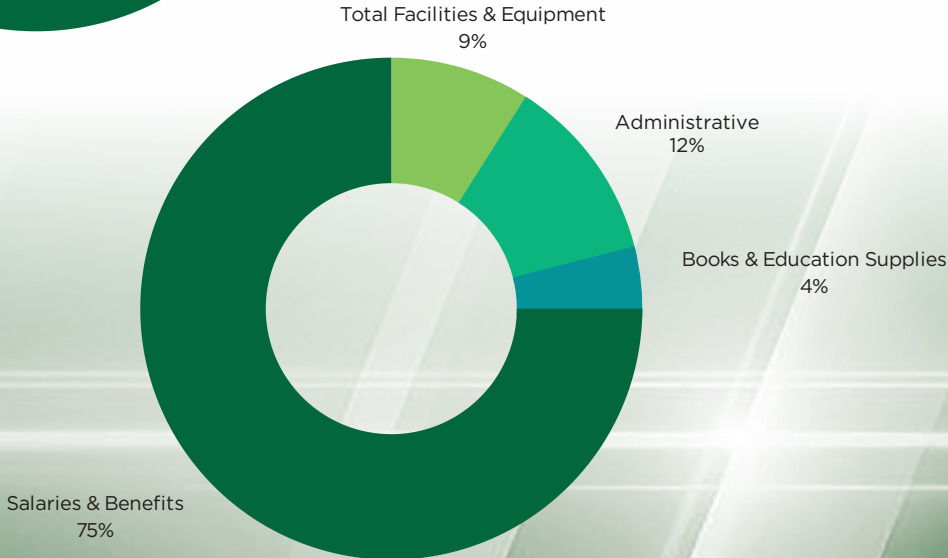

With deep appreciation,
Sonny Slaughter

All Saints' Episcopal Day School Financial Snapshot 2022-2023

Revenue

Expenses

What is the Annual Fund?

The Annual Fund is one of our most important sources of revenue. Tuition covers only 75% of the total cost of a student's education. Gifts to the Annual Fund bridge the gap between tuition income and the full cost of an All Saints' education. Unlike tuition, Annual Fund donations are tax deductible to the extent allowable by law.

Every year, the Annual Fund gifts help the school invest in our incredible faculty, maintain a low student-teacher ratio even with overall enrollment growth, enhance our classroom resources, create new programs and professional development opportunities, and continue All Saints' commitment to providing a high quality, student centered education to all families.

Like most independent schools, All Saints' depends on the generosity of current families, grandparents, Board of Directors, alumni, faculty, and friends to carry out the mission of the school. When you make a contribution of any size, you are joining a community of family and friends who help ensure that we can provide each child with an extraordinary educational experience and maintain the long term financial health of the school.

DID YOU KNOW?

- Every gift, of every size, is important to All Saints' and provides vital support for students and faculty.
- Gifts of \$1,000 per student close the gap between tuition and the full cost of an All Saints' education.

Every gift, of every size, counts, helps, and inspires! Together, we make a difference!

We are grateful to alumni, parents, grandparents, faculty, staff, and friends of All Saints' Episcopal Day School whose generous gifts continue to support our school, its unique mission, and its students, faculty, and programs.

Fully Funded Annual Fund Projects: 2022-2023

STEM LAB UPGRADES

Because of the incredible generosity of the All Saints' family, our STEM lab has undergone a remarkable transformation. We have recently added storage and new collaborative seating. Collaborative seating allows students to engage with their peers while working together in a group setting, other benefits include improving problem solving skills, inspiring creativity, and developing critical thinking skills. This upgraded workspace has empowered our students to engage in hands-on experiments and will further their understanding of Science, Technology, Engineering, and Math. The All Saints' family's commitment to supporting our educational endeavors has refreshed our STEM lab and ignited a passion for learning and exploration among our students, ensuring they are well-prepared for the challenges and opportunities of the future.

2K PLAYGROUND

With special thanks to a generous donor, we were able to expand the 2K playground. We are excited to share a wonderful new piece of playground equipment that is vibrant and inviting. This delightful space is now a hub of joy and laughter for our youngest students! The colorful play equipment and safe, age-appropriate structures have created an environment where children can freely explore, interact, and develop motor and social skills essential for development. Our new 2K playground equipment not only enhances our school's overall atmosphere, but also reflects the All Saints' family's dedication to nurturing the well-being and happiness of our students.
